

EXPLORE 100

Your free Aquavista stop-overs

If you are looking for some new adventures on the water, our **EXPLORE 100** benefit means you can stay at any of our other marinas for up to 100 nights. And it's completely free. What we mean is total freedom to explore the waterways – you can cruise along different canals, take in some countryside views, set off to a new town to soak up some culture. Or if your home is on the coast you can make plans to sail over to your nearest Aquavista coastal marina!

Whatever plans you make, one of our marinas will be ready to welcome you and there will be all the comforts you want for a stop-off. Electric hook-ups, water top-ups, CCTV – all the convenient stuff you might need and all the things you don't get when you moor on the cut.

How it works

As an annual contract holder, you can visit any of our marinas and stop-over free of charge*. In the 12-month period of your annual contract, you get a total of 100 nights to experience our other Aquavista marinas. All you have to do to book your free stop-over is call the marina you wish to visit and check we have availability. We'll do our very best to fit you in.

*The only exemption to this offer is Limehouse Waterside & Marina in London (because it's super busy), where we do charge a fee for visiting, but it's still a discounted rate.

To take a look at all of our marinas and plan your next trip, go to www.aquavista.com

* Our coastal marinas also benefit from TransEurope Marinas membership. You can find out more at www.aquavista.com

† Bath doesn't have visitor moorings so capacity for **EXPLORE 100** is limited.

Did you know?

Our marina at Sawley is one of the largest inland marinas in the UK! It's very pretty even if we do say so ourselves.

Did you know?

Our Birdham Pool marina is in an area of outstanding natural beauty and is the oldest locked coastal marina in the UK. There are some pretty special views here.

MARINA SWAP

Your freedom to relocate your boat

Did you know?

Our Priory and Buckden marinas are both on the Great River Ouse. It's a really nice cruise between these two marinas and definitely a trip that we'd recommend.
